You are so far away but so often in my mind....

1. Activities conducted for alumni entrepreneurs within “Business-League” of “KROK” University Alumni Association (“KROK” UAA)

On the 8th of November a new unit within the existing “KROK” University Alumni Association was established under the name of “Business League of “KROK” UAA and integrated alumni entrepreneurs. We would like to share information on the events, that were held for entrepreneurs alumni in November-December 2014.

18 project participants, the students of 3-5 courses of College and University, were divided into 3 teams. Every team developed a business plan for an enterprise, the topics of business plans were chosen as following: career center, English language school, student travel agency.

The intense students` training lasted for 1.5 months: 11 professional training sessions, 6 workshops for personal development and 4 "success stories" workshops were held. Successful entrepreneurs and business coaches, alumni entrepreneurs were invited as experts, moderators and speakers of the event.

On the final stage of the project students presented their business plans, the competent jury evaluated the students` presentations. "Student travel agency" was recognized as the best team. The participants of the project were awarded certificates and gifts.

2. The Tempus Training in Berlin has been very successful.

We thank all partners for their participation and devotion. In Berlin, we are right now writing the Training handbook. All presentations can already be found on Google Drive. Merry Christmas to everyone and a happy and fruitful year 2015!

3. Entrepreneurial friends and wants to join the alumni network

This semester I was teaching in the master entrepreneurship in Amsterdam. One of my students was Vadym Kiziun. I told him about the Tempus project and he reacted enthusiastic. He informed a couple of his entrepreneurial friends and wants to join the alumni network.

5. Changes in schedule of meetings

According to our plan we should have the next PSC meeting in November 2015. We changed this to May 2015 at PSC2 because 12 month without PSC is too long. Furthermore, WP 4.5 Training EAN members is planned in February 2016. Anousjka and me were talking about this and have the opinion that this would be too late in the process of our project.

The estimated new dates are, put them into your agenda right now.

- PSC3: 25/5 - 29/5 (Monday arrival day and meeting until Friday, 4 day meeting)
- Training EAN members: 31/5 - 5/6 (Sunday arrival day and training until Friday, 5 day training.

Both a little bit more relaxed than Amsterdam and Berlin. Program was a little too long is what we heard.
