

# EUNET newsletter # 03

*You are so far away but so often in my mind....also in 2015. Happy new year*

## 1. KROK University is organizing “Management battles”

Management battles. Every Wednesday a Business League of “KROK” University Alumni Association conducts management battles. Entrepreneurs alumni, alumni, students, staff as well as their friends and partners are participants of the event. The activity is based on the original author’s technique and integrates business, training and social approaches. The goal of the event is development and improving of professional leadership skills, such as: Negotiations skills,

Deep understanding of the situation and its development options forecasting, Skills of quick and integrated assessment of individual qualities and hidden motivation of the partners and counters, Ability to make the right strategic management decisions quickly, achieving the expected result, Preparing for different situations in management and business environment.

"Battle field" for management battles is the conflict situation in which participants play the roles of counters and defend their interests. 9 judges indicate strengths and weaknesses of the participants. The presenter provides feedback to every participant of the battle, from the view of the ability to face management issues.

From: KROK University, Galina Bogachenko

### **2. Request to upload some documents later than 15/01/15**

5 partners managed to upload their timesheets in time: They are ISU, KROK, KhNADU, KhNURE and HvA. Compliments and big hugs for this!!!

3 partners asked for more time to arrange their administration. There were different reasons like holiday's, closed university worked very or too hard and take some time off. Thanks you for sharing to me that there is a delay!!

We extend the period until 15th of February 2015 to upload all required documents for the EANET / EACEA administration 2014.

Document that have to be uploaded are:

- Timesheets (only use the provided Excell!!)
- Convention form in MS Word format
- IMR in pdf!!
- Scanned invoices that support the IMR

### **3. Teachers and trainers of entrepreneurship at HvA made their own music clip.**

Maybe you like the music, maybe you like the film, maybe you recognize some people from our meeting in Amsterdam. But for sure I'm proud of my daughter playing in this clip together with her boy friend:

### 4. Follow the payment process has been made easier

Sometimes we get the question if a payment already has been done. It was not clear what has happened to mailed or uploaded RFP's. Therefore we changed the map structure a little bit and added a report where you can see in what stage a RFP is.

In the upper picture you see the new map structure as it is in the shared map. I hope the name of the maps document themselves. In the file First Installment you can see which RFP's already have been: checked, send to HvA and when it paid by HvA. If you have any questions to this get in contact with Michael.
