

## EUNET newsletter # 17

*You are so far away and so often in my mind*

Mila Dyka, of KROK University did join [Face](#) in Hanover. Read here short review:

“Face” wants to change the lives. Many opportunities to start, to game, to lead, to follow, to make mistakes, to adopt challenges. Wonderful possibility to live inside of everyday life of Germany to know better European students. My opinion: we need the same project! Ukraine has many talented and creative students. Such programs give students experience to work with big companies, social organizations and so on, suggest ideas there, to play team-building games; self-improvement, make a new friendship. I like closely partnership with successful activity, sincere interest in youth and belief in their ability. Ukrainian students need this like air to breathe. I like the concept “to create idea in a successful enterprise already and with introduction into production of this enterprise”. “Face” makes stronger in any case.”

### HvA minor entrepreneurship started its 20th edition

Wednesday 26th of August, a week before the official new academic year starts. Quite empty buildings at HvA in Amsterdam. But not everywhere. At Studio HvA 160 new students arrive at 9:30 to start with their minor Entrepreneurship. After 3 days of lectures, workshops, training and customer interviews the whole group went to the Island of Texel. Main target was to come back with a team and an idea that was accepted by our jury. Next step is to make a short startup document and start working in their own company.

Video impression of these days can be found on [YOUTUBE click here](#).

### Cooperation with Ministry of Education and Science of Ukraine in the frameworks of national seminar in Kyiv

“KROK” University is preparing for the national seminar that will take place at “KROK” University, Kyiv on 19 October 2015. One of the important issues of the national seminar is:

- to learn the state of University-alumni activities in Ukrainian HEIs,
- to involve other stakeholders, interested in creation and development of alumni associations,
- to involve Ministry of Education and Science of Ukraine.

Svitlana Zaripova and Halyna Bohachenko prepared a questionnaire for learning of abovementioned issues and invitation letter for participation in the national seminar. In August Andrii Lotariiev had meetings with Anna Novosad, Head of International Department in Ministry of Education and Science of Ukraine. Ms Anna promised support and promotion of EANET project, particular in sending invitations and questionnaires to Ukrainian HEIs, assistance in national seminar organization and any other required help.
