News from ISU EANET Center

May has been an interesting month for ISU EANET Center.

We have held a traditional EANET TALKS event, where the member of our center, Maka Samushia gave a masterclass to students studying at ISU. The masterclass was about student career and success, they can possibly achieve in Georgia. An event was covered on social media.

An event was attended by over 150 students and had a good feedback. The next EANET TALKS is planned in September and will involve stakeholders outside the university as well. The team of EANET center had started working on highlight event to be held in Moldova. We have conducted a research on DCFTA Agreement, Georgia, Ukraine and Moldova have recently signed. The research is conducted using quantitative and qualitative methods, covers secondary data. The findings will be presented to all attendees during an event. The team is also working on session called „Doing Business in Georgia” and will present their work at the highlight event. We are preparing for some pitching as well to inform investors about startups, EANET members have and offer collaboration to different stakeholders.

Looking forward to meeting all the members in June!

#KROKAlumniFEST-2016: numbers and video

As we previously reported, on 4 June 2016 Alumni Association of "KROK" University organized #KROKAlumniFEST, bright and full of emotions festival. Since now KROK alumni will meet on the first Saturday of June annually.

#KROKAlumniFEST - Is not just the event of entertainment and fun for alumni and their family members! According to the idea of organizers, the festival has to become the zone of synergy where everyone can express oneself as a personality and a professional, find partners, customers, employees, etc., with alma mater serving as a space of contacts, business connections, mutual assistance and harmony.

#KROKAlumniFEST - 2016 in numbers:

1. Number of participants - 230+, including 65 members of "KROK" University Alumni Association;
2. 11 workshops from university alumni;
3. 12 exhibitions and sale points, alumni entrepreneurs are very satisfied with the results, as they received many new clients and significant promotion;
4. 14 partners who were active participants in the festival or granted prizes;
5. Facebook: People Reached - about 10 000, Post Engagement - almost 60 000 (statistics for the period 1-7.06.2016).

Moreover the following activities were organized:

1. Active networking area, provided by Career Development Center;
2. Exhibition of paintings of alumni entrepreneurs;
3. Sport competition among students and alumni;
4. Joint concert of creative students and alumni;
5. Playground for children of alumni, entertainment was organized by students;
6. Fireplace, barbecue, sweets from students, moreover the funds that were collected at a charity fair were transferred to the treatment of the father of "KROK" alumnus.

So, #KROKAlumniFEST was the start of a new tradition and now the university will gather alumni annually on the first Saturday of June.

Here you can find a [short video report](#).
